

## Aqueous Cleaner Sample Submission Profile Form

The following information is requested to assist EcoShield in pre-screening samples for recyclability potential. Though none of the information items are “required fields”, the more information that is provided the easier it will be to make a positive pre-screening determination and accept the sample for testing.

When complete, please fax this form to EcoShield at 877-326-9090, or mail to EcoShield Environmental Systems, P.O. Box 1476, Houston TX 77251. After a positive determination is made you will be contacted for any additional information, notified of the next available testing schedule, and given shipping, packaging and sample collection method instructions.

Thank you for your interest in this program. If you have any questions regarding the form or the research program, please contact Mike McGinness at 877-326-7443.
